## Government of Meghalaya

No.DHS/MCH/ST/11/21/ (II)

Dated:13.12.2022

### MINUTES OF THE STATE INDEMNITY SUB- COMMITTEE (SISC) MEGHALAYA, SHILLONG

HELD ON THE 29<sup>th</sup> November, 2022 AT 2:00 PM

The meeting was presided by Dr (Mrs) L. Challam Director of Health Services (MCH&FW) Cum Jt. Mission Director-NHM, Meghalaya, Shillong who welcomed to all the members. Dr. L. Ch Marak Jt. Director of Health Services (MCH&FW) Cum State Nodal Officers Family Planning presented the two cases to all the members. Two cases of failure following sterilization at Ganesh Das. Govt. MCH Hospital, Shillong under East Khasi Hills District and another case of failure following bilateral tubal ligation at Nongpoh Civil Hospital under Ri-Bhoi District. During the meeting Dr. W Shangpliang Sr. Gynaecologist suggested that a Proper orientation/ training have to be given to Medical officers who perform Post -Partum Sterilization/Bilateral tubal ligation for proper identification of the fallopian tube and the tube should be traced till fimbrial end. The case sheets of both the cases were discussed and relevant documents were scrutinized by the members of the sub-committee.

The details of the two cases are as follows: -

| Sl. No. | District         | Name and address of the claimant         | Name of the Hospital where sterilization was conducted | Type and date of Sterilization                        | Details of complication                            | Remarks                                                                                                                               |
|---------|------------------|------------------------------------------|--------------------------------------------------------|-------------------------------------------------------|----------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| Case-I  | East Khasi Hills | Barihun Myllem Umlong, Umphyrnai Laitkor | Ganesh Das Govt. M&CH Hospital Shillong                | Post -Partum Sterilization was done on the 17.02.2020 | Sterilisation failure (21 weeks 5days)             | As per the USG report it was confirmed with a single live intrauterine fetus of gestational age 21weeks 5 days as on 01.02.22         |
| Case-II | Ribhoi           | Ibanrilang Syngkli, Diwon Nongtluh       | Nongpoh Civil Hospital                                 | Bilateral tubal ligation was done on the 17.07.2019   | Bilateral tubal ligation failure (15 weeks 3 days) | Asper the USG report it was confirmed that the with a single live intrauterine fetus gestation age - 15 weeks 3 days as on 04/07/2022 |

The committee found that these two claims were genuine, correct and all the documents were in position and decided for **Case-I failure of sterilization & Case-II failure of Bilateral tubal ligation** an amount of Rs. 60,000/- (Sixty thousand) each may be given to the beneficiaries.

The meeting ended with a vote of thanks from the chair.
